Description

🧪

Your test cases will appear here

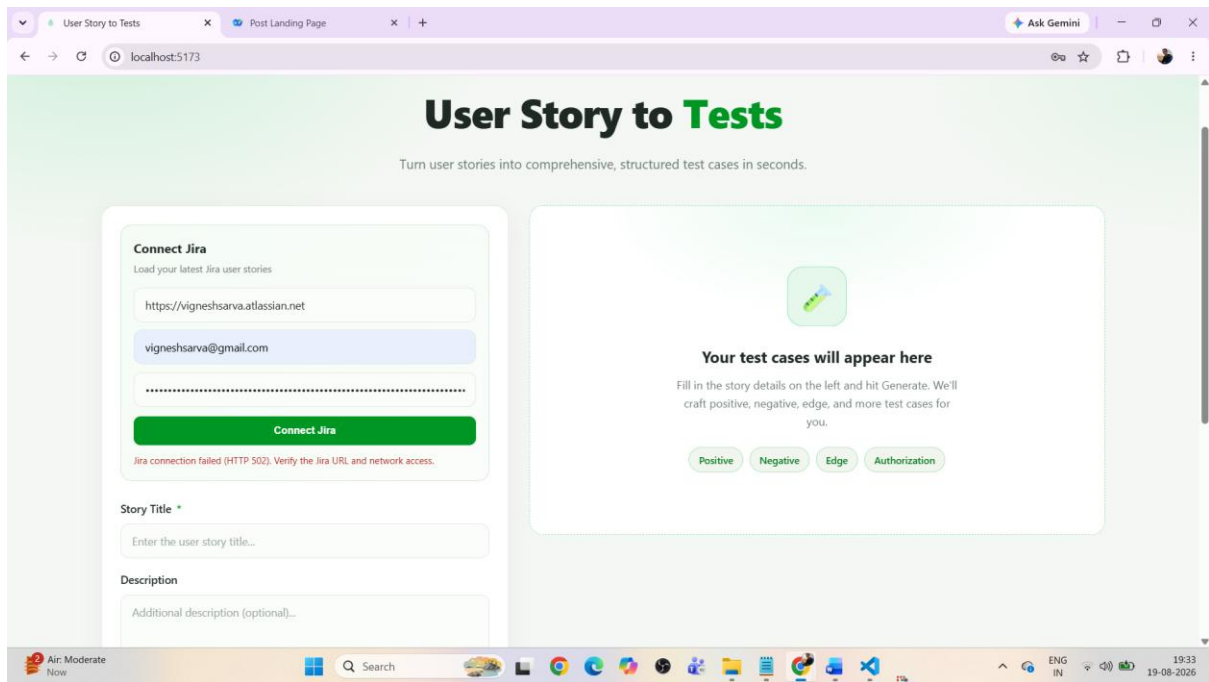

Fill in the story details on the left and hit Generate. We'll craft positive, negative, edge, and more test cases for you.

Positive

Negative

Edge

Authorization

Run the frontend with:

```
cd frontend
npm run dev
```

Use a complete base URL such as:

```
https://your-company.atlassian.
```

The frontend cannot change Jira's own CORS policy, so the relay is required to make the connection work from the browser.
